

PS4

## PLEASE BUY ME A PS4

Thank you mum for all your efforts.

In teaching you're an expert.

In Minecraft, I added you to my hall of fame,

Oops, I forget you were stingy enough to not get me the game.

For that reason, you should feel shame.

But trying to forgive you, that's my aim.

Please don't feel bad about yourself.

Cos that diamond sword ill acclaim.

That king in crazy craft ill maim.

To the kraken ill bring it down easily.

Using my ultimate bow, 360 no scope without aim.

Headshot, killed like my future goat billy.

The queen, that's not my style.

Too easy, just not worthwhile.

Trust me, I'll boss the lands,

Until everything's in my hands.

Then all the mods ill download.

Mutant zombie king,

I'll use tnt to explode.

No one beats me in the boxing ring.

I boss in PvP.

Everyone quits cos it's their pants they'll pee.

Seeing the sight of me,

Their names called by my pet banshee.

PS4

Then I'll move to assassin's creed.  
Make enemies eat my garden's weed.  
Make enemies as ashamed as magikarp.  
Stab enemies with something sharp.

See mum, that's how ill rule.  
People say I suck, that's just bull.  
I do this now all for you.  
But you won't buy me games. Boo!

I only ever needed a ps4.  
My friends always had more.  
Do you like watching me bore?  
That feeling I certainly don't adore.

Instead, you send me to Northshore.  
Where I have to study hardcore.  
Why mum, do you give me this torture.  
You know with a ps4, ill prosper.

So once more, please buy me a gaming console.  
Or else I'll be as isolated as a mole!  
I'll be as outdated as grandma,  
So please buy me a ps4, and don't say nah.
