5. PUBLIC QUESTION TIME

Question

Mr Ken Betts asked the following questions:

1. Has a date finally been set aside for a New Footscray Senior Citizens Centre? As you know it's been over 7years since State Government compensated the Council for claiming of property in middle Footscray For VicRail new country train line infrastructure

2. In banking jargon, the invested money is sitting in a dormant account. Will council reactivate and allocate for community benefit this decade rather than sitting idle for another 7 years?

Response

The Chief Executive Officer, Mr Stephen Wall confirmed that when the regional rail link was developed, the Footscray senior citizens centre was demolished and its members relocated to the community centre at Raleigh Road. Since then, Council has been actively looking for opportunities to house the senior citizens in a shared building to get better utilisation out of Council buildings. A number of potential redevelopments may prove Council has the ability to house the senior citizens in shared community facilities such as the proposed town hall redevelopment, the proposed redevelopment of Footscray library, or the RecWest redevelopment.

Further to this, Mr Wall confirmed that while the money was sitting in reserve, when Council confirms the next significant project, he was confident that it would involve a great outcome for the Footscray senior citizens.

Question

Mr Brian Sandersen, asked the following questions:

1. Can you please explain to the public why you have chosen to terminate, rather than stand down, 150 casual employees in the wake of the COVID-19 crisis? Other Councils have stood down employees, allowing them to return to work when this epidemic is over. Why has Maribyrnong made the decision to terminate 150 casual employees?
2. Can you advise the cost of recruitment for 150 new employees once this epidemic is over.

Response

The Chief Executive Officer, Mr Stephen Wall confirmed that as a result of the Federal Government's decision to direct Council to close services and facilities, Council suffered a work stoppage and were unfortunately forced to cease the engagement of a number of casual staff. With not knowing when the COVID-19 pandemic will be over, Council was not able to ensure for casual staff when the services would reopen and be able to reengage these staff. By ceasing to engage these casuals, staff would be able to access government support. Mr Wall noted that local government staff are not eligible for JobKeeper payments, which may have changed how Council dealt with casual staff.

Mr Wall continued by noting that Council made the decision to honour the existing rosters when the decision was made to close the customer facing services and facilities, and that Council was doing its best to ensure that permanent staff are kept in gainful employment. When the current restrictions are lifted, and Council is able to determine future service and staffing requirements, Council will offer work in the first instance to former casual staff, rather than undertaking recruitment as such.
