1. Background

The Fair Access Policy: Action Plan will drive the implementation of the Fair Access Policy and deliver gender equitable outcomes and support sports clubs in removing barriers for women, girls and gender diverse people to participate in sport and recreation. The Action Plan specifically outlines how the Fair Access Policy will be implemented by Council in partnership with the State Government, sports clubs and other key stakeholders.

The Fair Access Policy and Action Plan are underpinned by the following six (6) principles:

1. Community sports infrastructure and environments are genuinely welcoming, safe and inclusive
2. Women and girls can fully participate in all aspects of community sport and active recreation, including as a player, coach, administrator, official, volunteer and spectator.
3. Women and girls will have equitable access to and use of community sport infrastructure:
 - a. Of the highest quality available and most convenient;
 - b. At the best and most popular competition and training times and locations; and
 - c. To support existing and new participation opportunities, and a variety of sports.
4. Women and girls should be equitably represented in leadership and governance roles.
5. Encourage and support all user groups who access and use community sport infrastructure to understand, adopt and implement gender equitable access and use practices.
6. Prioritise access, use and support to all user groups who demonstrate an ongoing commitment to gender equitable access and use of allocated community sport infrastructure.

The Action Plan acknowledges that different sports clubs and sporting codes are at differing levels of implementing fair access. This Action Plan aims to support clubs to enact change and play a role in increasing engagement of women, girls and gender diverse people in community sports clubs.
