## Access and mobility

### Trains

Most metropolitan train stations (except Heytington Station) are accessible for passengers using mobility devices. At some stations, due to steep ramp gradients, assistance may be required. Metropolitan trains are accessible. Passengers who require boarding assistance should wait at the boarding platform located near the end of the platform in the direction of travel. The train driver will deploy a ramp at the first door of the first carriage. It is important to tell the driver your destination. You can write this on a sticky note which the driver can provide. The driver will provide a ramp at your destination.

Trams There are over 165 low floor trams on Melbourne's tram network that offer step free boarding from level access stops. Board the low floor tram through the door with the accessibility symbol on it, this door provides access to the allocated

space for passengers using wheelchairs or mobility aids. When you want to get off, press the button with the accessibility symbol on it. This will let the driver know you are getting off and may need the doors open for a bit longer.

Buses More than 60 per cent of Melbourne's bus services are wheelchair-accessible on weekdays. Most bus services are wheelchair-accessible on the weekend and public holidays. Some bus routes are fully wheelchair-accessible. At the stop, the bus driver places a ramp between the front door of the bus to the kerb of the road. For further information, visit [ptv.vic.gov.au/getting-around/accessible-transport/](http://ptv.vic.gov.au/getting-around/accessible-transport/) or call **1800 800 007**.

### Council bike pump and repair stands

Bike pump and repair stands allow cyclists to easily complete on-the-go repairs. They have retractable tools on stainless braided cables, a high security stainless public bike pump and wheel chock to hold your bike while using the pump. Bicycle pump and repair stands are located at West Footscray Station (north side), on the Maribyrnong River Trail in Pipemakers Park and Napier Street, Footscray (near the Maribyrnong River).

Lockers Bike lockers can be rented free after paying a bond of \$100 for a new locker with a built in lock or \$50 for lockers that require you to supply a lock. You can hire a locker at Premium Stations for up to three months at a time and renew without paying any additional bond. They can be

used for storing your bike, helmet, clothes and shoes. Items stored in a locker remain your responsibility. Contact your local station to check availability.

Cages New bike cages are being installed at Stations across Melbourne and key regional centres. These cages, known as Parkiteer cages provide 24-hour undercover and secure bike parking for around 20 bikes. A refundable \$50 security deposit provides you with smart card access to the entire network of Parkiteer bike cages whenever it suits you. To access the Parkiteer bike cage nearest your station, visit the Parkiteer website [parkiteer.com.au](http://parkiteer.com.au), register, pay your deposit and your access card will be only days away.
