Permit Conditions

- A complete application must be completed and received by Council a minimum of **5 business days** prior to the placement date.
- An application assessment and placement inspection and will be carried out by an Authorised Council Officer prior to the permit approval and placement of any container.
- At all times on footpaths, a minimum width of 1.5 metres must be left clear for free pedestrian movement.
- **Obstructions, including Shipping Containers shall be effectively lit from sunset to sunrise. It is mandatory that all Shipping Containers comply with the Vic Roads Code of Practice for the placement of Waste Bins on road sides. Published (January 2001).**
- Failure to comply with any or all conditions of this permit may result in the application for a permit being refused, and should any Shipping Container be observed in non-compliance the permit will be revoked and a penalty notice issued.
- All damage to channels, footways, nature strips, or other Council assets shall be made good on removal of container.
- The holder of this permit must accept full and total responsibility in the event of any damage which may arise from or involve articles, or things which are deposited or erected on the street road, road related area, or footpath in relation to the works.
- Water channels shall be kept clear and free from obstructions.
- The footpath, nature strip, kerb, channel and roadway must be maintained in a clean and tidy condition.
- Such other conditions as specified on the enclosed permit by the authorised officer.
- These conditions apply within the Maribyrnong City Council.
- **Failure to comply with any of these conditions may result in the container being removed and further enforcement action taken.**
